MINISTRY FOR NATIONAL ECONOMY

STATISTICAL ANALYST

- Subject Expert and Statistical Analyst in a SROP project

2011

MAVEN SEVEN NETWORK RESEARCH INC.

DATA MINER

- Extract Data from Medical Databases

## SUMMARY

I worked as a Statistical Analyst and Supervisor in four international projects the last three years, so I originate the passion for coding by using several statistical programs. After participating in GFA's winter coding camp last year I instantly knew that I will be a tech woman.

## MOTIVATION

I cherish progress, evolution and intellectually interesting work, and I love to explore new ideas. Also, the flexibility, independency and like-minded people are appealing.

## WORKSHOP TECHNOLOGY

C / C++

## PROJECT PHASE TECHNOLOGY

- HTML • MongoDB • Redux
- CSS • Express.js • React
- TypeScript • JavaScript
- MySQL • Redux Saga

## LANGUAGES

ENGLISH

fluent

HUNGARIAN

native
